Test Day Tips

Video Transcript:

Try out a practice test before test day.
Make sure to arrive at the test center early.
The test is two hours long with a short break.
There won't be outlets in the test center so charge

Your Exam Will Begin Soon. Good Luck!

Testing will begin automatically when the timer runs down. All work is saved as you go.
When testing ends, the app will automatically submit your work.

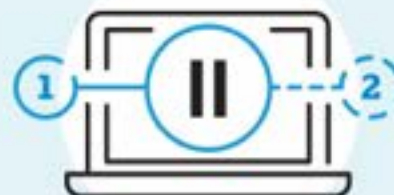

Your device must be connected to the internet when the test starts.

Do not exit the exam app or open any other applications.

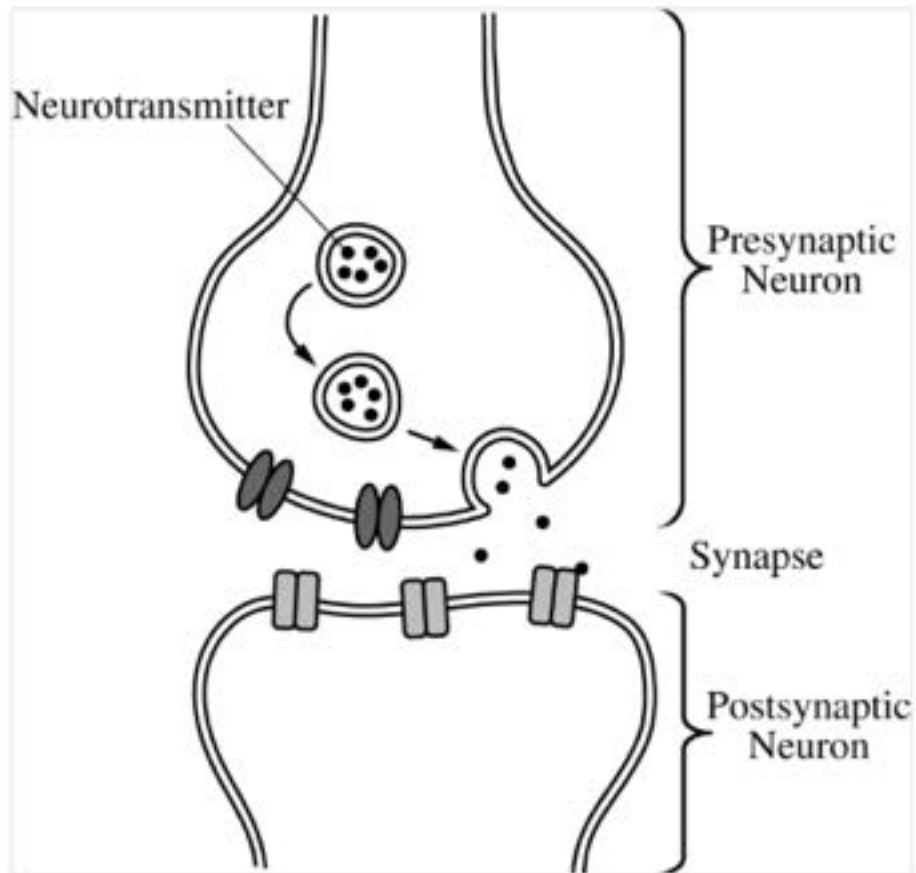

If you have any trouble during testing, click the Help icon.

There will be a break between test sections.

Questions 1a - 1e refer to the following diagram.

As shown in the diagram, when environmental

1b

Using specific visual evidence, analyze how the form of the Virgin of Paris is characteristic of the late Gothic period.

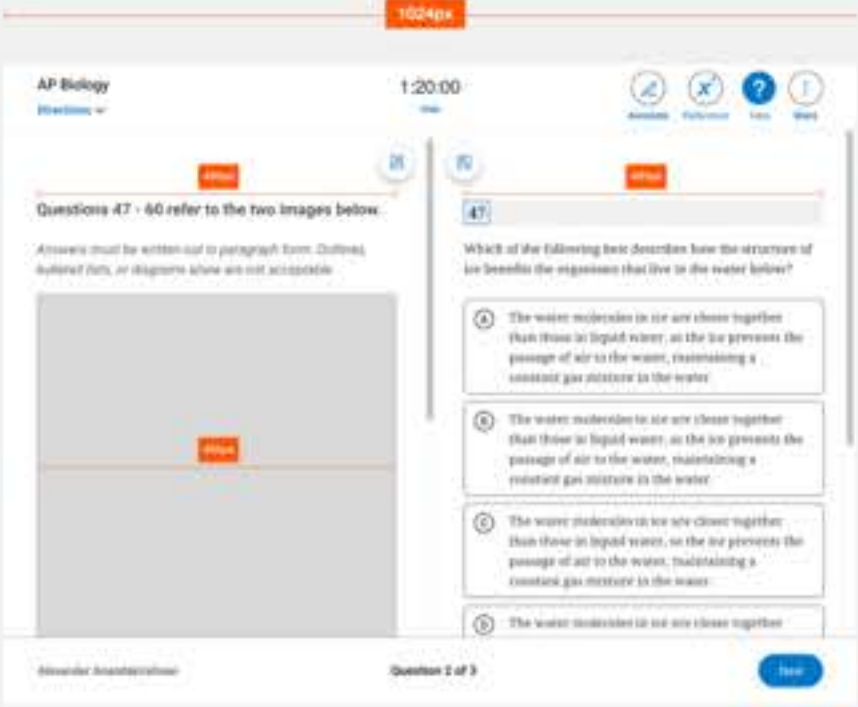

Your response will be saved automatically.

B / U x^2 x_2 ↺ ↻ ✂ 📄 📋 Ω

Model A will be effective in preventing the effects of the neurotoxin, as AChE will degrade the Acetylcholine in the synaptic cleft, where it affects the action potential cascade. Model B will be ineffective as there is no Acetylcholine in the post-synaptic cell, so the AChE will not prevent the effects of the neurotoxin. Model A will be effective in preventing the effects of the neurotoxin, as AChE will degrade the Acetylcholine in the synaptic cleft, where it affects the action potential cascade. Model B will be ineffective

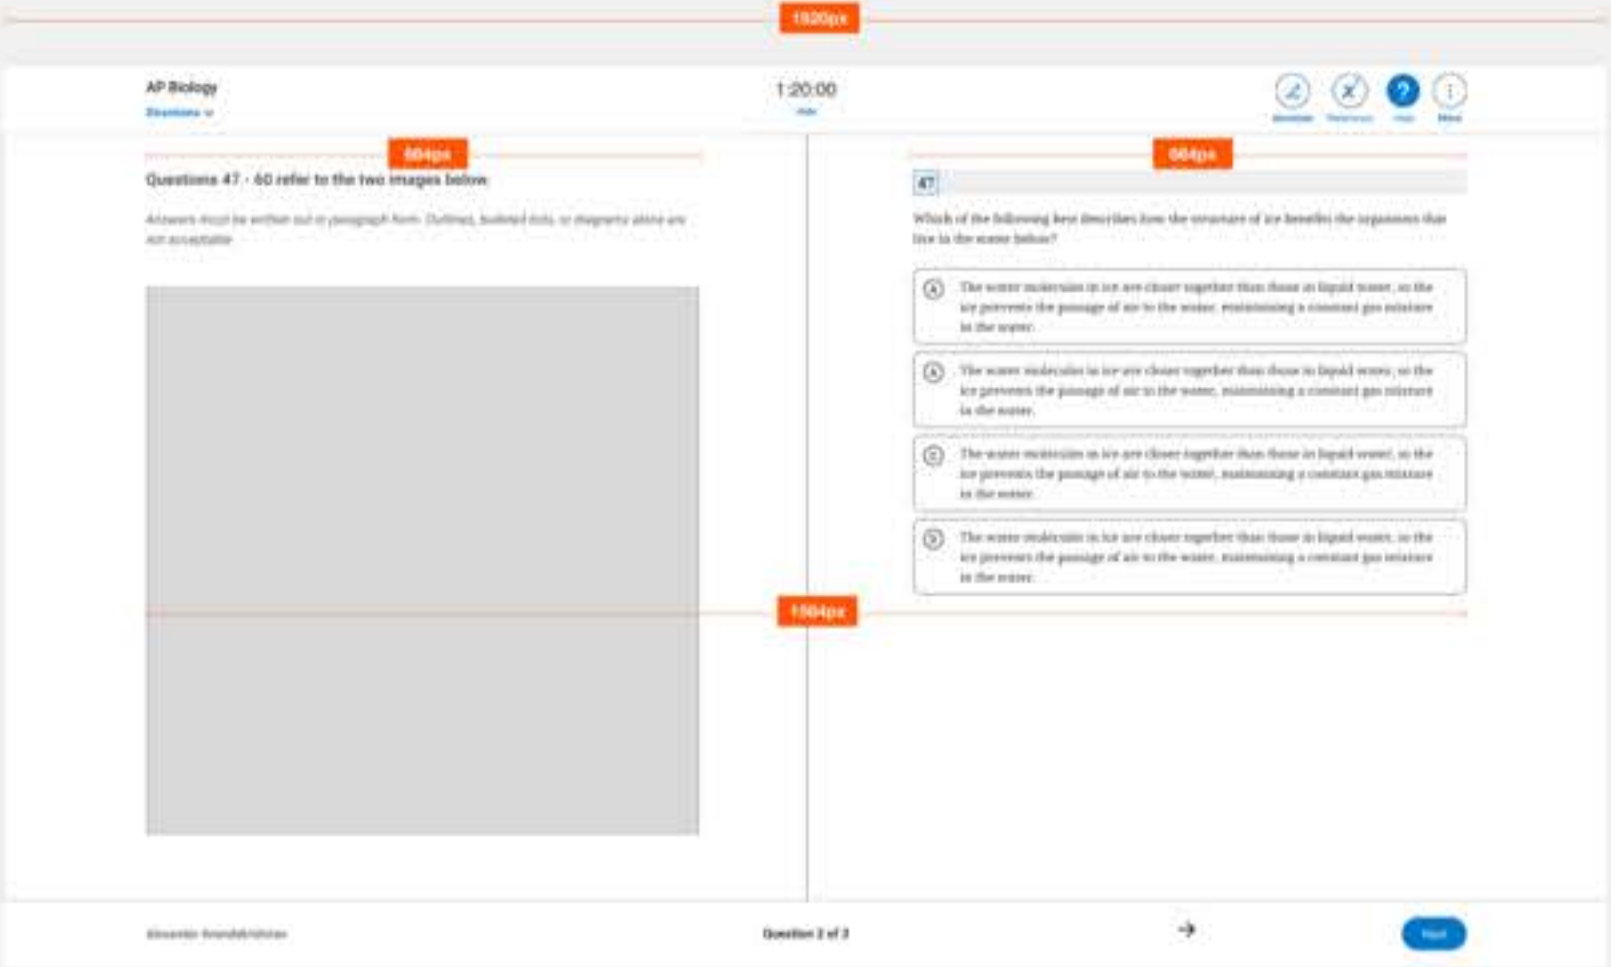

Responsive Layouts: 2 pane template

Smallest Width Point

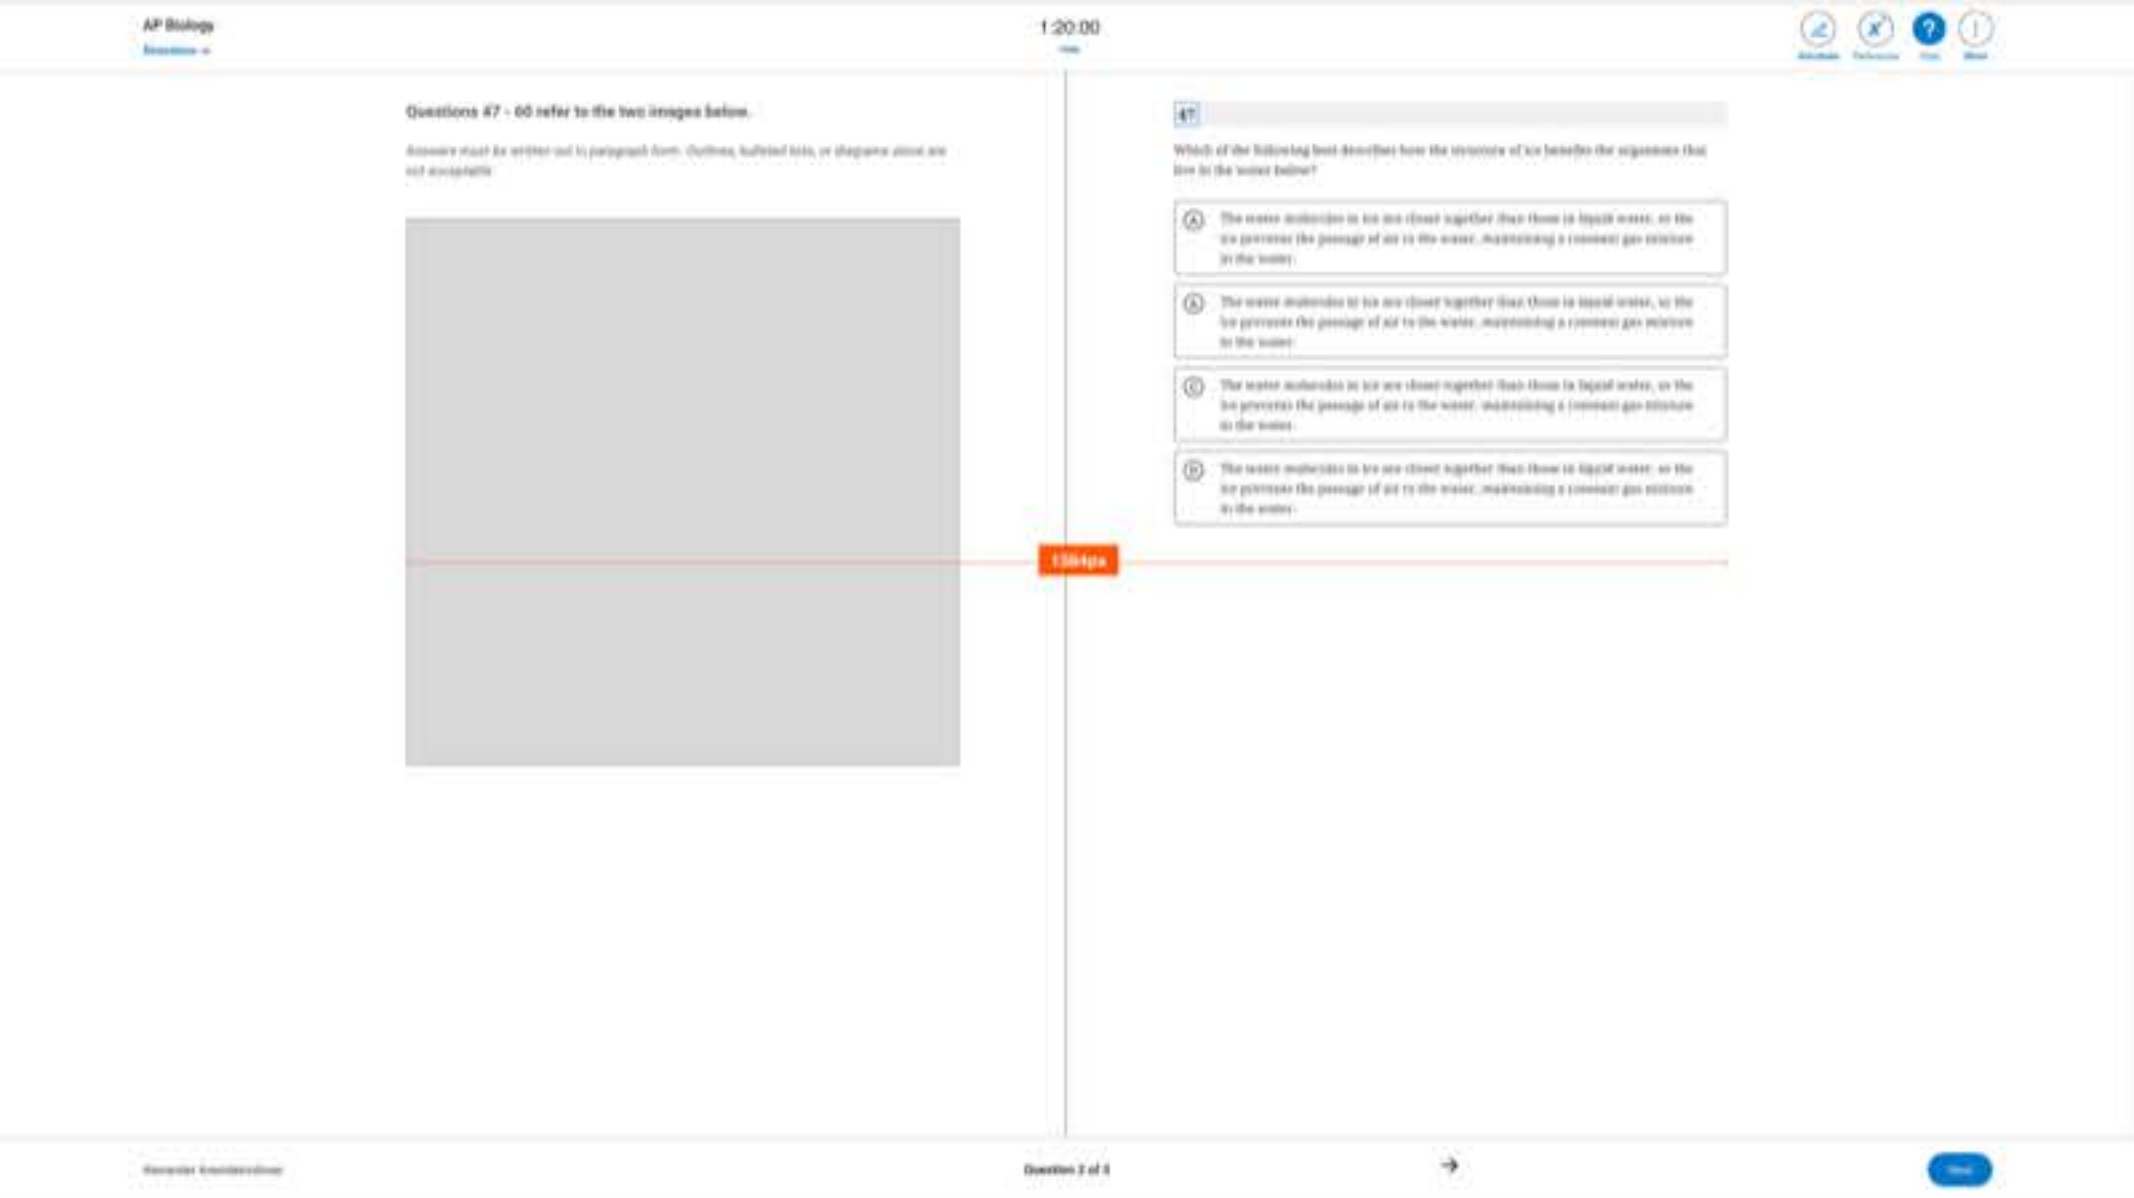

In between smallest width and max width point, containers and margins should fluidly resize.

Max Width Point

Larger Screens

Beyond the max width point, content containers, interior margins and header margins stay the same. Exterior content margins fluidly resize (adding whitespace)
